

# A Thank You to Our Reviewers in 2021

Editorial Office

---

The editorial team of Cardiology Research would like to extend our thanks to our peer reviewers in 2021, who so generously volunteered their time and expertise, whose expertise ensures that the articles published in this journal meet the high standards of medical research, we would like to acknowledge your time and effort, and express our genuine gratitude for

your contributions and support.

We understand that the COVID-19 pandemic poses unprecedented challenge to all medical community and experts, we hope this pandemic will come to an end soon and look forward to an exciting 2022 for more advances in cardiology research.
